Genomic Futures insight days

28 and 29 May 2024

Insight days for year 10 and year 11 students, who are interested in learning more about genomic technologies, and the careers available in the field.

Experience the journey from sample collection to data output, and explore the laboratories, facilities, technical skills and career opportunities at the Wellcome Sanger Institute. Hear about cutting-edge research, use micropipettes, get hands-on with gel electrophoresis, and discover the fascinating world of bioinformatics.

You will also get the opportunity to meet a range of different staff members who work in this field.

Who are the Genomic Future insight days for?

Genomic Future Insight Days are available to year 10 and year 11 students interested in learning more about genomic technologies and careers.

When are the Genomic Futures insight days running?

You can either attend on Tuesday 28 May or Wednesday 29 May 2024. You will be hosted at the Wellcome Sanger Institute between 9am-4pm.

Where is it taking place?

Wellcome Sanger Institute, Hinxton, CB10 1SA

What does it cost?

Our Genomic Futures insight days are free to attend. Lunch and refreshments will be provided and travel bursaries will be made available for eligible students.
